

FOR INFORMATIONAL PURPOSES ONLY *updated August 2021*

Independent Medical Education (IME) Grants Transparency Report

Independent Medical Education (IME) is defined as education for healthcare professionals (HCPs) provided by an independent educational provider, such as a community hospital, academic center, society/association or medical education company. GRAIL is committed to funding innovative and impactful education to support practicing healthcare professionals and the communities of care that they manage within our areas of interest.
