Independent Medical Education (IME) Grants Transparency Report

Independent Medical Education (IME) is defined as education for healthcare professionals (HCPs) provided by an independent educational provider, such as a community hospital, academic center, society/association or medical education company. GRAIL is committed to funding innovative and impactful education to support practicing healthcare professionals and the communities of care that they manage within our areas of interest.

Currently Available (Accredited / CME / CPD) Activities

Grantee Name	Title of Program	Direct Access Link (if available)	Accreditation Period
MedLearning Group	Implementing Multi-Cancer Early Detection Technologies in 2023— Key Clinical Considerations for Effective Patient Discussions	https://mlgcme.com/programs/activity/322 https://cfdnascreening.posterprogram.com/	Release Date: March 23, 2023 Expiration Date: March 23, 2024
Paradigm Medical Communications, LLC.	New Revolution for Cancer Screening: Multi-Cancer Early Detection	https://cme.epocrates.com/a/WCVXMO	Release Date: Mar 10, 2023 Expiration Date: Mar 07, 2024
MedLearning Group	MedGames Multi-Cancer Early Detection: Equipping Clinicians to Answer Key Clinical Questions	https://www.medlearninggroup.com/medgames-main/cfDNA/ https://cfdnascreening.posterprogram.com/	Release Date: Feb 17, 2023 Expiration Date: Feb 17, 2024
Partners for Advancing Clinical Education / PlatformQ Health	Early Detection of Women’s Cancers: A Prominent Role for Primary Care and OB/GYNs	https://www.omedlive.com/app/cme-auditorium/2023_CME_multiCancerDetection	Release Date: Feb 01, 2023 Expiration Date: Feb 01, 2024
Projects in Knowledge	Oncology Morning Commute Podcast: New Approaches to Testing Patients for Cancer	https://suiteweb.atpointofcare.com/#library/cancer-care/2532.01/page/0 https://suiteweb.atpointofcare.com/#library/cancer-care/2532.02/page/0 https://suiteweb.atpointofcare.com/#library/cancer-care/2532.03/page/0	Release Date: December 22, 2022 Expiration Date: December 21, 2023
PVI, PeerView Institute for Medical Education	Meeting the Imperative for Improved Cancer Screening Through Multi-Cancer Early Detection Testing: What’s My Role as an OB/GYN Provider?	http://peerview.com/EQC	Release Date: December 15, 2022 Expiration Date: December 14, 2023
National Association for Continuing Education / Integritas	Multi-Cancer Early Detection in Primary Care What You Need to Know About New Blood-Based Screening Tools	https://www.naceonline.com/courses/multi-cancer-early-detection-in-primary-care-what-you-need-to-know-about-new-blood-based-screening-tools https://www.exchangecme.com/MCEDNACEOnline	Release Date: December 01, 2022 Expiration Date: November 31, 2023
Purdue University College of Pharmacy	Multi-Cancer Early Detection in the Primary Care Setting	https://learning.freecme.com/a/40303P2qPEYM	Release Date: October 17, 2022 Expiration Date: October 17, 2023
MedLearning Group	Where Are We With Multi-Cancer Early Detection Technologies? Examining the Data, Potential, and Best Practices for Patient Discussions	https://mlgcme.com/programs/activity/242 https://cfdnascreening.posterprogram.com/	Release Date: October 05, 2022 Expiration Date: October 05, 2023
Pharmacy Times CE	The Clinical and Economic Benefits Associated With Novel Multi-Cancer Early Detection Tests: Conference Highlights from the 2022 ISPOR Annual Meeting	https://www.pharmacytimes.org/courses/the-clinical-and-economic-benefits-associated-with-novel-multi-cancer-early-detection-tests-conference-highlights-from-the-2022-ispor-annual-meeting	Release Date: August 12, 2022 Expiration Date: August 12, 2023
PRIME Education	Navigating the Latest Evidence on Multi-Cancer Early Detection Technologies (in conjunction with AMCP)	https://primeinc.org/online/navigating-latest-evidence-multi-cancer-early-detection-technologies	Release Date: August 9, 2022 Expiration Date: August 8, 2023

FOR INFORMATIONAL PURPOSES ONLY updated March 2023

Global Education Group and Integrity Communications	Flexing Your Early Cancer Detection Muscles: Strengthening Your Knowledge of Blood-Based Screening Tools	https://exchangecme.com/MCEDcircuit <ul style="list-style-type: none"> https://www.nexus-medx.com/course/flexing-your-early-cancer-detection-muscles-strengthening-your-knowledge-of-blood-based-screening-tools?course_id= https://www.exchangecme.com/MCEDCircuitResources 	Release Date: August 18, 2022 Expiration Date: August 18, 2023
Practicing Clinicians Exchange	Mind the Gap: Strategies and Emerging Options to Improve Cancer Screening	https://practicingclinicians.com/CE-CME/preventive-care/mind-the-gap-strategies-and-emerging-options-to-improve-cancer-screening/PRP4768 https://practicingclinicians.com/CE-CME/preventive-care/what-is-the-role-of-multi-cancer-early-detection-mced-tests-in-clinical-practice/PRP4768-CT	Release Date: July 15, 2022 Expiration Date: July 14, 2023
HMP Global	Multi-Cancer Early Detection Tests: Raising Awareness of Novel Cancer Control Strategies in Primary Care	https://hmpeducation.com/program/22-pccme-203-1	Release Date: July 6, 2022 Expiration Date: July 6, 2023
Pri-Med	The Future of Cancer Screening: Multi-Cancer Early Detection in Primary Care	https://www.pri-med.com/online-education/curriculum/multi-cancer-early-detection <ul style="list-style-type: none"> https://www.pri-med.com/online-education/podcast/multi-cancer-early-detection https://www.pri-med.com/online-education/clinical-coffee-break/multi-cancer-early-detection-pt1 https://www.pri-med.com/online-education/clinical-coffee-break/multi-cancer-early-detection-pt2 	Release Date: June 17, 2022 Expiration Date: June 17, 2023
Physician's Education Resource	Medical Crossfire: Analyzing the Evolving Role of Liquid Biopsies Across Cancer Care	https://www.qotoper.com/courses/medical-crossfire-analyzing-the-evolving-role-of-liquid-biopsies-across-cancer-care-mpwb	Release Date: June 5, 2022 Expiration Date: June 4, 2023
PRIME Education	Implementing Emerging Early Cancer Screening Technologies in Clinical Practice	https://primeinc.org/online/implementing-emerging-early-cancer-screening-technologies-clinical-practice	Release Date: June 1, 2022 Expiration Date: May 31, 2023
